corrigendum

E-mail decay rates among corresponding authors in MEDLINE

The ability to communicate with and request materials from authors is being eroded by the expiration of e-mail addresses

Jonathan D. Wren, Joe E. Grissom & Tyrrell Conway

EMBO reports (2006) 7, 122–127. doi:10.1038/sj.embor.7400631

In an ironic twist, the e-mail address for J.E. Grissom was printed incorrectly on page 127 in the February 2006 issue of *EMBO reports*. The author details have now been updated and are reprinted below.

Jonathan D. Wren, Joe E. Grissom and Tyrrell Conway are at the Advanced Center for Genome Technology in the Department of Botany and Microbiology at the University of Oklahoma, Norman, OK, USA.
