Structural basis of N-end rule substrate recognition in *Escherichia coli* by the ClpAP adaptor protein ClpS

Verena J. Schuenemann, Stephanie M. Kralik, Reinhard Albrecht, Sukhdeep K. Spall, Kaye N. Truscott, David A. Dougan & Kornelius Zeth

EMBO reports (2009) 10, 508–514. doi:10.1038/embor.2009.62

Unfortunately, Fig 1B of the above article was published with an incorrect first amino acid in the sequence for Fpep; the figure should have been published as it appears here. We apologize for any confusion this might have caused.
