What Does the Cochrane Collaboration Say about Conservative versus Surgical Management?

Cheung A, Van Rensburg L, Tytherleigh-Strong GM. Surgical versus conservative interventions for treating fractures of the middle third of the clavicle (Protocol). *Cochrane Database of Systematic Reviews* 2008, Issue 3. Art. No.: CD007314. DOI: 10.1002/14651858.CD007314.

Handoll HHG, Al-Maiyah MA. Surgical versus non-surgical treatment for acute anterior shoulder dislocation. *Cochrane Database of Systematic Reviews* 2004, Issue 1. Art. No.: CD004325. DOI: 10.1002/14651858.CD004325.pub2.

Handoll HHG, Huntley JS, Madhok R. External fixation versus conservative treatment for distal radial fractures in adults. *Cochrane Database of Systematic Reviews* 2007, Issue 3. Art. No.: CD006194. DOI: 10.1002/14651858.CD006194.pub2.

Rome K, Handoll HHG, Ashford RL. Interventions for preventing and treating stress fractures and stress reactions of bone of the lower limbs in young adults. *Cochrane Database of Systematic Reviews* 2005, Issue 2. Art. No.: CD000450. DOI: 10.1002/14651858.CD000450.pub2.

Shears E, Armitstead CP. Surgical versus conservative management for odontoid fractures. *Cochrane Database of Systematic Reviews* 2008, Issue 4. Art. No.: CD005078. DOI: 10.1002/14651858.CD005078.pub2.

Tamaoki MJS, Belloti JC, Lenza M, Matsumoto MH, Gomes dos Santos JB, Faloppa F. Surgical versus conservative interventions for treating acromioclavicular dislocation of the shoulder in adults (Protocol). *Cochrane Database of Systematic Reviews* 2008, Issue 4. Art. No.: CD007429. DOI: 10.1002/14651858.CD007429.

Yi L, Jingping B, Gele J, Wu T, Baoleri X. Operative versus non-operative treatment for thoracolumbar burst fractures without neurological deficit. *Cochrane Database of Systematic Reviews* 2006, Issue 4. Art. No.: CD005079. DOI: 10.1002/14651858.CD005079.pub2.

The Cochrane Collaboration is an international not-for-profit and independent organization dedicated to making up-to-date, accurate information about the effects of health care readily available worldwide. It produces and disseminates systematic reviews of health care interventions and promotes the search for evidence in the form of clinical trials and other studies of interventions. For more information, visit www.cochranecollaboration.org.
