The three contributing editors for this supplement were April Winningham, DrPH; Muriel Harris, MPH, PhD; and Richard Sowell, PhD, RN, FAAN. The editors thank these three contributing editors for their assistance with the supplement.

SANTELLI ET AL. TABLES

Information in two Tables of our article “Comparability of Contraceptive Prevalence Estimates for Women” (Public Health Rep 2008;123:147–54) was incorrectly presented. Two extra columns labeled “Old T-value” and “Difference in T-value” in Tables 1 and 2 of the published article were inadvertently included. These two columns should not have appeared in the Tables in the published article. Please note that this error does not affect the accuracy of the remaining columns in the tables or the text of the article, nor does it affect the conclusions presented.
