INTRODUCTION TO GUEST EDITORS

Geoffrey L. Robb, M.D., F.A.C.S. and Michael J. Miller, M.D., F.A.C.S.

Dr. Geoffrey L. Robb is Professor and Chairman of the Department of Plastic Surgery and Deputy Head of the Division of Surgery at the University of Texas M. D. Anderson Cancer Center. His clinical expertise is in the subspecialty practice of microvascular reconstructive surgery. Dr. Robb is credited with co-editorship of a highly successful book on advanced therapy of breast disease, which is now in its second edition. He is a member of several professional societies and is well recognized for his extramural support of national plastic surgery organizations, serving on numerous committees. Dr. Robb's research efforts focus on reconstructive clinical outcomes and quality of life, particularly on developing new algorithms necessary for immediate and delayed breast reconstruction.

Dr. Michael J. Miller is Professor and Deputy Chairman of the Department of Plastic Surgery at The

University of Texas M. D. Anderson Cancer Center. Dr. Miller received his medical degree from the University of Massachusetts Medical School. After completing a Plastic Surgery Residency at The Ohio State University, he went on to complete a Reconstructive Microvascular Fellowship at Tulane University. His clinical practice is focused on cancer-related reconstructive surgery, and he performs a high volume of breast reconstruction. He recently completed a state-of-the-art interactive patient education material entitled "Breast Reconstruction: What You Need To Know." He is a member of numerous professional societies and is a consistent contributor to medical literature with numerous articles and textbook chapters related to plastic surgery.

Saleh M. Shenaq, M.D.
