Since the publication of this paper, the authors have noticed that a relevant reference to (Hogan *et al*, 2008) was omitted on p1790. The correct sentence should read:

The Nrd1–Nab3 complex participates in transcription termination on RNA polymerase II transcribed small nucleolar RNAs (snoRNAs), cryptic unstable intergenic transcripts (CUTs) and some mRNAs (Steinmetz *et al*, 2001; Thiebaut *et al*, 2006; Arigo *et al*, 2006a, b; Carroll *et al*, 2007; Rondon *et al*, 2009; Kim *et al*, 2010) and coprecipitates with many different RNA species (Hogan *et al*, 2008).

Hogan DJ, Riordan DP, Gerber AP, Herschlag D, Brown PO (2008) Diverse RNA-binding proteins interact with functionally related sets of RNAs, suggesting an extensive regulatory system. *PLoS Biol* **6**: e255.
