Amy E. Jablonski, William H. Humphries IV, and Christine K. Payne*:

Pyrenebutyrate-Mediated Delivery of Quantum Dots across the Plasma Membrane of Living Cells

Pages 405–408. This paper was withdrawn on July 29, 2010. Further experiments have shown that the conclusions drawn from the data presented in this manuscript were incorrect. For a complete discussion, see Jablonski, A. E.; Kawakami, T.; Ting, A. Y.; Payne, C. K. Pyrenebutyrate Leads to Cellular Binding, Not Intracellular Delivery, of Polyarginine Quantum Dots. *J. Phys. Chem. Lett.* **2010**, *1*, 1312–1315. In addition, the zeta potential measurements shown in Figure 3 are incorrect.
