EDITORIAL

Change of Danish National Editor

We welcome Associate Professor Peter Vedsted as new National Editor for Denmark. Peter works at the Research Unit for General Practice, University of Aarhus, and has been involved in general practice research since he was a medical student. Today he is a mature researcher with a broad experience of investigations in primary health care. In recent years he has carried out health services research focused on patients with cancer and chronic diseases.

Welcome to Peter means goodbye to Anneli Sandbæk, who has been the Danish Editor for 5 years. We wish to thank her for inspiring work in the editorial group.

Jakob Kragstrup
Editor-in-Chief

16th Nordic Congress of General Practice Copenhagen 13–16 May 2009

Call for abstracts

Scientific programme

The future role of general practice – managing multiple agendas
