FROM EDITOR'S DESK

After serving as the Editor-in-Chief of Indian Journal of Clinical Biochemistry from its January 1995 till July 2001 issue, I have done my best to enhance standard of papers, ensure regular publication on time and also improve the get up of our Journal. This has been possible only due to the help, guidance and co-operation of the members of the Editorial Board, Scientific Advisory Committee, Assistant Editors & other staff, Experts who reviewed papers, authors, printers and suggestions of readers of IJCB. I take this opportunity to thank and express my gratitude to all of them. I also wish to thank all the members of the Association of Clinical Biochemists of India. I know that there are many omissions from my side. You have all put up with them with patience. Now I have decided to give up my Chief Editorship. Dr. D.N. Rao, Additional Professor, Dept. of Biochemistry, All India Institute of Medical Sciences, New Delhi will be the new Editor-in-Chief from the January 2002 issue of IJCB. Please see the announcement below.

IJCB ON THE INTERNET

IndMED A bibliographic data base of Indian Biomedical Research.

It is a matter of great pleasure that for appropriate publicity of Indian Biomedical Research, Indian MEDLARS Centre, under the National Informatics Centre, has designed and developed a data base entitled IndMED, meeting international standards. The data base is accessible on Internet at the web site <http://indmed.delhi.nic.in/nd/> This journal is one of the 67 journals taken up in the first batch for indexing for the IndMED.

For IndMed details write to : e-mail : spr@medlar0.delhi.nic.in
