Corrigendum: Prescription of and Adherence to Non-Steroidal Anti-Inflammatory Drugs and Gastroprotective Agents in At-Risk Gastrointestinal Patients

Angel Lanas, Mónica Polo-Tomás, Pilar Roncales, Miguel A. Gonzalez and Javier Zapardiel

Am J Gastroenterol advance online publication, 14 February 2012; doi:10.1038/ajg.2012.13

In this article, published online 14 February 2012, the fifth sentence of the Results section in the Abstract should have read, “Optimal adherence to NSAIDs or GPA was reported by 79.7% (95% confidence interval (CI): 76.982.2%) and 84.1% (95% CI: 81.786.3%) of patients, respectively.” (The values for GPA and those for NSAIDs were transposed.)
