60th National Conference of Anatomical Society of India

NATCON-60(Diamond Jubilee)

Pre-Conference:CME-26 December, 2012

Conference:27th-29 December, 2012

Applied aspects of humane anatomy with advanced technologies

B. K. Dutta

Organizing Secretary, NATCON 60, SCB, Medical College, Cuttack, India

Greetings from India!

It is a great opportunity for me to announce the 'Diamond Jubilee' celebrations of National Anatomical Society of India-NATCON 60. The Anatomical Society of India was founded way back in 1952 in Calcutta, West Bengal. To date, there are about 1,800 members of this society representing different medical colleges all over India. Annual conferences have been held every year at various parts of India and 2012 marks the special Diamond Jubilee celebrations of the society. Bhubaneshwar, the capital city of state of Odisha would host this conference which begins on 26th December 2012 with a CME and workshop, followed by scientific paper presentations from 27th to 29th December 2012. Eminent scientists and researchers are expected to attend this meet. A record number of more than 1,100 delegates are expected to attend this meet. All details regarding the conference are available at the following site: www.asiodisha.org/natcon60 and www.scbmch.ac.in, www.kiit.ac.in.

May I extend this warm invitation to you all, to attend this conference and explore the myth, heritage, traditional beauty and culture of Eastern India. The organizing committee

would strive hard for your pleasant stay. Researchers and anatomists are also invited to submit their abstracts for oral and poster presentations (can become an ASI Member to avail the opportunity).

I look forward to your august presence at NATCON 60.

B. K. Dutta
