The publisher regrets that the author names in the verso running head were incorrect. The correct names are: M Ichiki, Y Sakai, M Nango et al. Also, in the abstract, “The mean ADC value was $1.62 \times 10^{-3} \text{ mm}^2/\text{s}^{-2}$ ” should have read “The mean ADC value was $1.62 \times 10^{-3} \text{ mm}^2 \text{ s}^{-1}$ ”, and in the Figure 4 legend, “The thrombus shows hypointensity on (b) axial fast spin-echo T_2 weighted image (TR/TE, 4000/98.0]” should have read “The thrombus shows hypointensity on (b) axial fast spin-echo T_2 weighted image (TR/TE, 4000/98.0)...”.
