BIOPHYSICS AND COMPUTATIONAL BIOLOGY

Correction for “Energy landscape and multiroute folding of topologically complex proteins adenylate kinase and 2out-knot,” by Wenfei Li, Tsuyoshi Terakawa, Wei Wang, and Shoji Takada, which appeared in issue 44, October 30, 2012, of *Proc Natl Acad Sci USA* (109:17789–17794; first published July 2, 2012; 10.1073/pnas.1201807109).

The authors note that two protein names appeared incorrectly. All instances of “2out-knot” should instead appear as “2ouf-knot,” and all instances of “2out-ds” should instead appear as “2ouf-ds.” Both the online article and the print article have been corrected.
