Correction

PLANT BIOLOGY

Correction for “Nonseed plant *Selaginella moellendorffii* has both seed plant and microbial types of terpene synthases,” by Guanglin Li, Tobias G. Köllner, Yanbin Yin, Yifan Jiang, Hao Chen, Ying Xu, Jonathan Gershenzon, Eran Pichersky, and Feng Chen, which appeared in issue 36, September 4, 2012, of *Proc Natl Acad Sci USA* (109:14711–14715; first published August 20, 2012; 10.1073/pnas.1204300109).

The authors note that, within the title and the main text, all instances of “*moellendorffii*” should instead appear as “*moellendorffii*.” The online version has been corrected.
