Correction to Bellomaria A, et al. Cell Cycle Volume 9, Issue 18; pp. 3754–63 and Bellomaria A, et al. Cell Cycle Volume 11, Issue 19; pp. 3638–48

Alessia Bellomaria,¹ Gaetano Barbato,¹ Gerry Melino,^{2,3} Maurizio Paci¹ and Sonia Melino^{1,*}

¹Dipartimento di Scienze e Tecnologie Chimiche; University of Rome “Tor Vergata”; Rome, Italy; ²Medical Research Council (MRC); Toxicology Unit; Leicester University; Leicester, UK; ³Laboratorio di Biochimica IDI-IRCC c/o Dipartimento di Biochimica e Chirurgia; University of Rome “Tor Vergata”; Rome, Italy

It has come to the attention of the authors that in two of their recent Reports, “Recognition of p63 by the E3 ligase ITCH: Effect of an ectodermal dysplasia mutant” and “Recognition mechanism of p63 by the E3 ligase Itch: Novel strategy in the study and inhibition of this interaction,” an important source of funding was omitted. Both Reports were supported by Telethon Grant GM GGP09133.
