Author Correction

The March 2013, original contribution by Gilmore et al, entitled, "Quality Oncology Practice Initiative Certification Program: Measuring Implementation of Chemotherapy Administration Safety Standards in the Outpatient Oncology Setting" (J Oncol Pract 9:14s-18s, 2013), contained an error.

In Figure 2A, the data given show the percentage of practices that did not meet the standard, rather than the percentage that

passed the standard. The corrected figure is reprinted below in its entirety.

The online version has been corrected in departure from the print. The authors apologize for the mistake.
