January 31-February 3, 2013—The 2nd International Conference on Prehypertension and CardioMetabolic Syndrome

Hotel Rey Juan Carlos I, Barcelona, Spain

The conference will aim to deal with all aspects related to early diagnosis of prehypertension, including innovative technologies and treatments and will bring together professionals from the fields of hypertension, nephrology, endocrinology, internal medicine, cardiology, and more. <http://www.prehypertension.org/>

September 5-8, 2012—European Congress of Immunology

Scottish Exhibition & Conference Centre, Glasgow, Scotland

This triennial congress is a must for all clinicians and researchers of basic and clinical immunology, and affords many opportunities for networking as well as a rich scientific program that will explore the very latest developments in the field. <http://eci-glasgow2012.com/>

November 11-15, 2012—Eleventh International Congress on Drug Therapy in HIV Infection

Scottish Exhibition and Conference Centre, Glasgow

HIV-11 will reflect new research developments and advances in therapeutic strategies of relevance to the management of HIV infection. International specialists will address core issues via keynote lectures, plenary presentations, free papers, satellite symposia and poster sessions. The Congress will also include a full Scientific Exhibition. <http://www.hiv11.com/>

September 10-14, 2012—Applying Functional Medicine in Clinical Practice (AFMCP)

Ritz Carlton, Marina Del Rey, CA, United States

The Institute for Functional Medicine's AFMCP teaches healthcare practitioners to more effectively integrate science, research, and clinical insights to treat and prevent disease and maintain health. It is a well-orchestrated, comprehensive, patient-centered education program that helps you deepen your clinical understanding and practical application of the Functional Medicine Matrix Model. <http://www.functionalmedicine.org/conference.aspx?id=2565&cid=0§ion=t77>

August 9-11, 2012—III National and I International Congress on Integrative Medicine

Circulo de Oficiales de Mar, Buenos Aires, Argentina

This conference offers presentations on a diverse range of topics, including contributions of integrative medicine for child and adolescent psychopathology, autoimmune disorders, cancer, stress, 21st-century aging, and the future of integrative medicine. <http://www.integrativa2012.org.ar/acerca.html.aspx?id=2565&cid=0§ion=t77>

November 11-15, 2012—XXXI World Congress of Internal Medicine

Espacio Riesco, Santiago, Chile

The Chilean Society of Internal Medicine, in conjunction with the International Society of Internal Medicine (ISIM) welcomes you to join us at the 31st World Congress of Internal Medicine to be held in Santiago, Chile—the southernmost country in the world. Topics include allergy, immunology, cardiology, diabetes, gastroenterology, hypertension, nutrition, and many more. <http://www2.kenes.com/wcim/Pages/Home.aspx#>

October 24-27, 2012—11th Congress of the European Federation of Internal Medicine (EFIM)

Palacio Municipal de Congresos Campo de las Naciones (IFEMA Convention Centre), Madrid, Spain

A total of 34 countries are members of the EFIM, and the Congress will appeal to anyone who has an interest in the broad field of general internal medicine and in specialized internal medicine. This Congress is dedicated to supporting and promoting an intense interdisciplinary and multidisciplinary knowledge exchange among professionals in the areas that will be the major driving force for future innovations in internal medicine. <http://www.efim2012.org/welcome/>

September 21-22, 2012—5th European Congress for Integrative Medicine (ECIM)
Firenze Fiera, Florence, Italy

The 5th ECIM is on "The future of comprehensive patient care: promoting health and developing integrated and sustainable treatment for acute and chronic diseases." This is the main European and international event for physicians, healthcare and wellness professionals, researchers, and sponsors about the efficacy of complementary/unconventional medicines and practices and their integration with orthodox medicine. <http://www.ecim-congress.org/general-information.html>

October 3-6, 2012—15th Biennial Meeting of the European Society of Immunodeficiencies (ESID 2012)
Firenze Fiera, Florence, Italy

ESID 2012, organized together with the International Nursing Group for Immunodeficiencies and the International Patient Organisation for Primary Immunodeficiencies, will be held in the beautiful city of Florence, Italy. ESID 2012 offers an advanced scientific program with a leading international faculty, new approaches to diagnosis and treatments, interactive discussions, opportunities for collaborative research, and networking events. <http://www2.kenes.com/esid2012/pages/home.aspx>

September 9-13, 2012—17th International Conference on Cancer Nursing (ICCN)
Hilton Prague Hotel, Czech Republic

The 17th ICCN will offer the unique opportunity to meet with international cancer nursing leaders from all over the world in one place at one time. The ISNCC Scientific Planning Committee is pleased to announce that the theme of the 17th ICCN will be "Enhancing patient safety through quality cancer nursing practice." http://www.isncc.org/conference/17th_ICCN/

September 28-29, 2012—Singapore Health and Biomedical Congress 2012
Singapore Expo Max Atria

The theme for this year is "Reshaping Healthcare: Deepening the Foundation for Quality and Safety, Igniting the Engine for Education and Innovation," which aims to push the boundaries of radical transformation and strengthen the foundations of clinical quality and safety by improving current models in innovative ways. The program will focus on cardiovascular medicine and health profession education. There will be plenary sessions, parallel track sessions covering healthcare quality, disease management, emergency medicine, research, and more. <http://www.shbc.com.sg/>

August 27-28, 2012—Annual Global Healthcare Conference (GHC 2012)
Hotel Fort Canning, Singapore

Funding for health and medical facilities are vital to the health and well-being of the public. But most importantly, health and medical researchers and developers serve the task of advancing healthcare and medical science through the study and proper dissemination of information in order to improve the state of healthcare service of any country. That is the purpose of this conference. <http://www.globalhc-conf.org/>

August 13-15, 2012—22nd Annual Australian Cardiovascular Health and Rehabilitation Association (ACRA) Conference
Brisbane Convention Centre, Queensland, Australia

The theme of the meeting: Crisis. Recover. Rehabilitate. This conference encompasses the life-changing effect cardiovascular disease has, particularly the psychological, physiological, and often geographical journey that patients go through. This conference aims to recognize the challenges patients face in dealing with cardiovascular disease and the implications this has on services and clinicians caring for these patients. <http://www.cdesign.com.au/acra2012/>

December 5-8, 2012—Eleventh International Congress on Drug Therapy in HIV Infection
Crown Plaza Hotel, Kuala Lumpur, Malaysia

In line with recent advances achieved in the field of human genomics and medical genetics, the APCHG2012 will examine various themes on personalized medicine, human variations in the Asia-Pacific region as well the latest advances on genetic diagnostics and technology and their implications to healthcare in the region. <http://www.apchg2012.org/>
