What Does the Cochrane Collaboration Say about Interventions to Promote Physical Activity?

Baker PRA, Francis DP, Soares J, et al. Community wide interventions for increasing physical activity. Cochrane Database Syst Rev. 2015;1:CD008366. <http://dx.doi.org/10.1002/14651858.CD008366.pub3>. Medline:25556970

Cox NS, Alison JA, Holland AE. Interventions for promoting physical activity in people with cystic fibrosis. Cochrane Database Syst Rev. 2013;12:CD009448. <http://dx.doi.org/10.1002/14651858.CD009448.pub2>. Medline:24338214

Dobbins M, Husson H, DeCorby K, et al. School-based physical activity programs for promoting physical activity and fitness in children and adolescents aged 6 to 18. Cochrane Database Syst Rev. 2013;2:CD007651. <http://dx.doi.org/10.1002/14651858.CD007651.pub2>. Medline:23450577

Foster C, Richards J, Thorogood M, et al. Remote and Web 2.0 interventions for promoting physical activity. Cochrane Database Syst Rev. 2013;9:CD010395. <http://dx.doi.org/10.1002/14651858.CD010395.pub2>. Medline:24085594

Freak-Poli RLA, Cumpston M, Peeters A, et al. Workplace pedometer interventions for increasing physical activity.

Cochrane Database Syst Rev. 2013;4:CD009209. <http://dx.doi.org/10.1002/14651858.CD009209.pub2>. Medline:23633368

Richards J, Thorogood M, Hillsdon M, et al. Face-to-face versus remote and Web 2.0 interventions for promoting physical activity. Cochrane Database Syst Rev. 2013;9:CD010393. <http://dx.doi.org/10.1002/14651858.CD010393.pub2>. Medline:24085593

The Cochrane Collaboration is an international not-for-profit and independent organization dedicated to making up-to-date, accurate information about the effects of health care readily available worldwide. It produces and disseminates systematic reviews of health care interventions and promotes the search for evidence in the form of clinical trials and other studies of interventions. For more information, visit <http://www.cochrane.org>.
