Correction

CELL BIOLOGY

Correction for “Optimal nutrient exchange and immune responses operate in partner specificity in the cnidarian-dinoflagellate symbiosis,” by Jennifer L. Matthews, Camerron M. Crowder, Clinton A. Oakley, Adrian Lutz, Ute Roessner, Eli Meyer, Arthur R. Grossman, Virginia M. Weis, and Simon K. Davy, which was first published November 20, 2017; 10.1073/pnas.1710733114 (*Proc Natl Acad Sci USA*).

The authors note that, due to a printer’s error, the affiliations line in the published article appeared incorrectly. The affiliation for Camerron M. Crowder should instead appear as Department of Integrative Biology, Oregon State University, Corvallis, OR 97331. A footnote should have been included to list Camerron M. Crowder’s present address as University of Alabama at Birmingham, Birmingham, AL 35294. Minor text changes have been made to the Abstract to accommodate the addition of the present address footnote.

The corrected author and affiliation lines appear below. The online version has been corrected.

Jennifer L. Matthews^a, Camerron M. Crowder^b, Clinton A. Oakley^a, Adrian Lutz^c, Ute Roessner^c, Eli Meyer^b, Arthur R. Grossman^d, Virginia M. Weis^b, and Simon K. Davy^a

^aSchool of Biological Sciences, Victoria University of Wellington, Wellington 6140, New Zealand; ^bDepartment of Integrative Biology, Oregon State University, Corvallis, OR 97331; ^cMetabolomics Australia, School of Botany, The University of Melbourne, Parkville, VIC, Australia; and ^dDepartment of Plant Biology, Carnegie Institution for Science, Stanford, CA 94305
