ERRATUM

The May 1, 2015, article by Tewari, et al, entitled, “Long-Term Survival Advantage and Prognostic Factors Associated With Intraperitoneal Chemotherapy Treatment in Advanced Ovarian Cancer: A Gynecologic Oncology Group Study” (J Clin Oncol 33: 1460-1466, 2015) contained an error.

In the Patient and Methods section, the 5th sentence was incorrectly given as: “Patients received either IV paclitaxel 135 mg/m² followed by IV cisplatin 75 mg/m² for six courses or the study arm of IV carboplatin for two courses followed by IV paclitaxel 135 mg/m² on day 1 and IP cisplatin 100 mg/m² on day 8 for six courses.”

However, day 8 should have been day 2, and the sentence should have been, “Patients received either IV paclitaxel 135 mg/m² followed by IV cisplatin 75 mg/m² for six courses or the study arm of IV carboplatin for two courses followed by IV paclitaxel 135 mg/m² on day 1 and IP cisplatin 100 mg/m² on **day 2** for six courses.”

The online version has been corrected in departure from the print. The authors apologize for the error.
