Erratum

The December 1, 2016, article by Polizzotto et al entitled “Pomalidomide for Symptomatic Kaposi’s Sarcoma in People With and Without HIV Infection: A Phase I/II Study” (*J Clin Oncol* 10.1200/JCO.2016.69.3812) was published with errors.

The first sentence of the Results section of the Abstract previously read: “Twenty-two patients were treated; 15 (68%) were HIV infected, 17 (77%) had advanced (T1) disease, and 19 (86%) previous KS therapy excluding ART.” This should have read: “Twenty-two patients were treated; 15 (68%) were HIV infected, 17 (77%) had advanced (T1) disease, and **17 (77%) had previous KS therapy excluding ART.**”

In the Results section of the body of the article, the third sentence previously read: “The cohort was heavily pretreated, with 19 patients (86%) having at least one prior therapy (not counting ART).” This should have read: “The cohort was heavily pretreated, with **17 patients (77%)** having at least one prior therapy (not counting ART).”

In Table 1:

1. In the row Prior KS therapy:
 - a. In the column All Patients (N=22), the value was written as 19 (86). It should have been **17 (77)**.
 - b. In the column HIV-Positive Patients (n = 15), the value was written as 13 (87). It should have been **12 (80)**.
 - c. In the column HIV-Negative Patients (n = 7), the value was written as 6 (86). It should have been **5 (71)**.
2. In the row Chemotherapy:
 - a. In the column HIV-Positive Patients (n = 15), the value was written as 8 (53). It should have been **9 (60)**.
 - b. In the column HIV-Negative Patients (n = 7), the value was written as 2(29). It should have been **1 (14)**.
3. In the row Radiation therapy:
 - a. In the column All Patients (N=22), the value was written as 7 (32). It should have been **8 (36)**.
 - b. In the column HIV-Positive Patients (n = 15), the value was written as 3 (20). It should have been **5 (33)**.

- c. In the column HIV-Negative Patients (n = 7), the value was written as 4 (57). It should have been **3 (43)**.
4. In the row Interferon:
 - a. In the column All Patients (N=22), the value was written as 1 (5). It should have been **5 (23)**.
 - b. In the column HIV-Positive Patients (n = 15), there was no value given. It should have been **3 (20)**.
 - c. In the column HIV-Negative Patients (n = 7), the value was written as 1 (14). It should have been **2 (29)**.
5. In the row Local therapy:
 - a. In the column All Patients (N=22), the value was written as 7 (32). It should have been **9 (41)**.
 - b. In the column HIV-Positive Patients (n = 15), the value was written as 2 (13). It should have been **5 (33)**.
 - c. In the column HIV-Negative Patients (n = 7), the value was written as 5 (71). It should have been **4 (57)**.
6. In the row Time since last KS therapy, \$ Median (range), months:
 - a. The row description should have been: Time since last **systemic** KS therapy, \$ Median (range), months
 - b. In the column All Patients (N=22), the value was written as 8 (1-30). It should have been **5.9 (1-30.4)**.
 - c. In the column HIV-Positive Patients (n = 15), the value was written as 11 (1-30). It should have been **12.9 (1-30.4)**.
 - d. In the column HIV-Negative Patients (n = 7), the value was written as 7 (1-27). It should have been **3.0 (4.7-11.6)**.
7. Beneath the table, the sentence “‡Local therapies included topical panretin and local laser therapy” should have been “‡ Local therapies included topical panretin, local laser therapy, **cryotherapy, and surgical resection.**”

This has been corrected as of June 6, 2018. The authors apologize for the errors.
