B. K. Alldredge

University of California
San Francisco, CA
USA

Dr. Alldredge is a Professor of Clinical Pharmacy and Neurology at the University of California, San Francisco and he serves as Vice Provost-Academic Affairs. His clinical practice and research interests focus on epilepsy, seizure emergencies, prehospital care, and pharmacogenomics. He participates on invited review groups for the National Institutes of Neurological Disorders & Stroke, and he serves as a reviewer for journals in pharmacy, neurology and medicine. His research has been funded by the National Institutes of Health and professional organizations.
