REASON FOR WITHDRAWAL

Cochrane Oral Health withdrew this review as of Issue 5, 2018. This review has had low usage and impact and is not a priority for updating. The review is out-of-date but is correct at the date of publication. The review has been withdrawn from the Cochrane Library, but readers can still access previous versions in the 'Other versions' tab.

WHAT'S NEW

Last assessed as up-to-date: 22 March 2012.

Date	Event	Description
23 May 2018	Amended	Cochrane Oral Health withdrew this review as of Issue 5, 2018. This review has had low usage and impact and is not a priority for updating. The review is out-of-date but is correct at the date of publication. The review has been withdrawn from the Cochrane Library, but readers can still access previous versions in the 'Other versions' tab

SOURCES OF SUPPORT

Internal sources

- No sources of support provided, Other.

External sources

- Brazilian Cochrane Center, Brazil.
- National Institute for Health Research (NIHR), UK.

This project was supported by the NIHR, via Cochrane Infrastructure funding to Cochrane Oral Health. The views and opinions expressed herein are those of the review authors and do not necessarily reflect those of the Systematic Reviews Programme, the NIHR, the NHS or the Department of Health.

- Cochrane Oral Health Global Alliance, Other.

The production of Cochrane Oral Health reviews has been supported financially by our Global Alliance since 2011 (oralhealth.cochrane.org/partnerships-alliances). Contributors over the past year have been the American Association of Public Health Dentistry, USA; AS-Akademie, Germany; the British Association for the Study of Community Dentistry, UK; the British Society of Paediatric Dentistry, UK; the Canadian Dental Hygienists Association, Canada; the Centre for Dental Education and Research at All India Institute of Medical Sciences, India; the National Center for Dental Hygiene Research & Practice, USA; New York University College of Dentistry, USA; NHS Education for Scotland, UK; and the Swiss Society for Endodontology, Switzerland.
