REASON FOR WITHDRAWAL

Cochrane Oral Health withdrew this review as of Issue 5, 2018. The review is substantially out-of-date and does not meet current Cochrane methodological and reporting standards. New authors are being sought to work on a new protocol on interventions for facial fractures which will serve to update and replace this review.

WHAT'S NEW

Last assessed as up-to-date: 20 August 2008.

Date	Event	Description
23 May 2018	Amended	Cochrane Oral Health withdrew this review as of Issue 5, 2018. The review is substantially out-of-date and does not meet current Cochrane methodological and reporting standards. New authors are being sought to work on a new protocol on interventions for facial fractures which will serve to update and replace this review

HISTORY

Protocol first published: Issue 2, 2008

Review first published: Issue 1, 2009

Date	Event	Description
10 June 2008	Amended	Converted to new review format.
