Erratum

The authors noted that the reference for a previously published table (Table 1) was inadvertently omitted from our publication: Vakharia et al., Getting the Best Outcomes from Epilepsy Surgery, *Ann. Neurol.* 2018, DOI: 10.1002/ana.25205. This Table was originally published in: Engel, J.Jr., *Seizures and Epilepsy*, Oxford Press, 2013, as Table 16-1 on page 607. It was reproduced with

the permission of the publisher: Oxford Press. Dr. Engel's NIH funding was also not acknowledged and should have been listed as: NS02808, NS33310, NS42372, NS80181, and NS100064. We regret these omissions.
