Synthesis of Arylazide- and Diazirine-Containing CrAsH-EDT₂ Photoaffinity Probes

by Shameem S. Syeda, Daren Rice, Derek J. Hook, Leslie L. Heckert, and Gunda I. Georg

Arch. Pharm. Chem. Life Sci. **2016**, *349* (4), 233–241

DOI: 10.1002/ardp.201500440

the structure of compound **1** was misrepresented: The azido group of azide-TRAP (**1**) should be at C-4 rather than at C-5, as reported previously. The correct structure of azide-TRAP (**1**) in Figure 1, Scheme 1, and the Table of Content graphics is as follows:
