Volume 87, no. 18, p. 10083–10093, 2013, <https://doi.org/10.1128/JVI.01446-13>.
Figure 6A: Due to errors in figure assembly, the rWt and rY527A panels in the E-cadherin column (column 2, rows 2 and 4 from the top) are identical images, and the rWT panel in the DAPI column (column 1, row 2) and the Mock panel in the Merge column (column 4, row 1) are identical images.

The Mock/Merge, rWT/E-cadherin, and rY527A/E-cadherin panels from Fig. 6A should appear as shown below.

Correction of this figure does not change the interpretation of results or the conclusions of the paper.

PUBLISHER'S NOTE The University of Maryland's investigation determined these to be “honest error.”
